

ICBN (International Code of Botanical Nomenclature)

ICN (International Code of Nomenclature for algae, fungi and plants).

Principle / सूत्राणि:

◆ Principle I

Botanical Nomenclature is independent of zoological and bacteriological nomenclature. The Code applies equally to names of taxonomic group treated as algae, fungi and plants whether or not they were originally so treated.

◆ Principle II

The application of names of taxonomic group is determined by its nomenclatural type.

◆ Principle III

The nomenclature of a taxonomic group is based upon priority of publication.

◆ Principle IV

Each taxonomic group with a particular circumscription, position and rank can bear only one correct name, the earliest that is in accordance with the Rules, except in specified cases.

◆ Principle V

Scientific names are treated as Latin regardless of their derivation.

◆ Principle VI

The Rules of nomenclature are retroactive unless expressly limited.
